En quod a me vis, Tc. At quid non me? qui mei
in Te sic sum, ut non tam sim in me: me dum
ut plus in me sim, quam in Te. Sic est: cui fe
mihi dat, in quem se fert, et hinc stat. quin
et hinc sic stat, ut jam me plus id sit, quod est. Non
sit quid aut sit, aut quid in se sit. Est hae vis;
sed cui et jus sit: nec non et hic fas, nisi ac jus; sed
in quo tam vis sit quam lex, cui se aut jus aut fas dicat.
Do quod mi est; non Cha, sed Tc. Do A et O. at cui?
hinc qui mi et A et O est. O et sis! dum sum, qui
sum,

G Graswinckel
