and in the way of the letter. Some of the things to be
 considered are the following: the first is the
 nature of the letter, which is a letter of the
 city of Deventer to the city of Amsterdam. The
 second is the date of the letter, which is the
 7th of October 1578. The third is the
 place of the letter, which is Deventer. The
 fourth is the subject of the letter, which is
 the request for the city of Amsterdam to
 grant the city of Deventer the right to
 hold a market on the 1st of every month.

With heartly love and dutiful respect
 as witness these few lines
 given in Amsterdam the 7th of October 1578
