and you will find it in the old library of the  
University of Leiden. I have written to the  
professor who is now in charge of the library  
and asked him to send me a copy of the  
old manuscript. He has done so and I am sending  
you a copy of the manuscript. It is a very  
old manuscript and it is written in Latin.  
The manuscript is written in a very  
old hand and it is very difficult to read.  
I hope you will be able to read it and  
will be able to understand it.
