

Monsieur Hugons.

whereas my Aunt did not let  
him pass into England to me, and I have kept  
him till he is my return, I do desire you to do me  
the favour to be a writer to the Prince, that he may  
have an order to receive his entertainment, which  
will be kept back from him, and therein I shall  
leave my self beholding to you and ever rest.
