Perillustris Dne

Magnam mihi noctis partem detraxit perquisitio, non minus an non multa a me essent admissa non me digna, tantos inter votivorum poculorum fluctus reciprocos, decumanos; quam gratissima tui in me non merentem ac proni et prolixi affectus recordatio. Si quid peccatum, ei rogo inscribatur, qui memorem odit. Uti vero officio, fide, tuos amores promerear, pro virili annitar. Quisquilias nostras vides inclusas: simul et una cum iis vides importunum sedulo me esse malle, quam non stare promissis. Ceterum paterne quaeso commendatum tibi esse Swinckhorstij negotium. Id per Deum Opt. Max. a me quam serio ac demisse rogatus, caveto.

Perillustri tuo nomini aeternū vectigalis
