

To m<sup>r</sup>. T. Killigrew  $\frac{20}{30}$  Apr. 1671

17

I would faine know if I am to goe and till in Holland  
that the whole familie of the noble Killigrews could find  
in their hearts to deny in the behalf of a sike man one  
stranger did not deny with that sike in g<sup>o</sup>it<sup>h</sup> of the  
whole familie. This is the best answer, worth 5<sup>l</sup>. I am  
to give y<sup>e</sup>. about this foole business.

seems upon the account of my favour
