van delegatie no acht stp

volgt verklaring hedenmorgen bij de opening der besprekingen afgelegd door van roijen dbbpnt. quo the netherlands delegation is very happy at the resumption of these secret preliminary talks and i personally welcome the return of ambassador malik to these hospitable surroundings here in middleburg stp we are very glad that ambassador bunker has found it possible again to be present as third party at these negotiations stp

i should like to take this opportunity of making a short statement stp i wish to do so in order to take away any uncertainty which the government of indonesia may still feel with regard to the position and attitude of the netherlands government in respect of the bunker proposals stp

i therefore wish to repeat what i have already said to mr zain cma my indonesian colleague in washington stp

the netherlands government accepts the bunker proposals in principle stp this means that my government accepts the sequence of events as laid down in point two and three of those proposals stp after the phase of u n administration there will be a period of full administrative control by indonesia cma followed after a number of years cma still to be specified cma by the exercise of the right of selfdetermination by the papuans stp

the acceptance by the netherlands government of the foregoing is subject only to the one condition mentioned in point four of the bunker proposals cma namely that the government of the netherlands receives adequate guarantees for safeguarding the interests cma including the right of selfdetermination of the papuans unquo stp
